

Find your Policies & Procedures

Nova Scotia Health's Policy Portal (aka OP3) is the only place to find official Policies & Procedures. If you work, volunteer or learn at a NS Health facility or for a NS Health Program, you are accountable to know where they are so you can follow them.

1. Choose your starting point

Desktop

Falls and Injury Reduction in Ambulatory Care - Procedure - NSHA CL-SR-010.13
Falls and Injury Reduction in Day Surgery/Invasive Procedures - Procedure - NSHA CL-SR-010.14
Falls and Injury Reduction in Diagnostic Imaging -

- » Click on the **title** to open the policy
- » The title will tell you if it's a policy, procedure/SOP, or guideline. It will also tell you if a procedure/SOP is Zone, Program or Patient Population specific.
- » Read the **description** to get information about the document
- » **Related documents** link to other procedures or documents you might need

Good to know: All policies and procedures on the Policy Portal (OP3) are in effect. The digital version found on this site is the only official version.

Can't find a policy or procedure?

Ask your Manager/Supervisor for help. The direction you are looking for might be in some other type of document. It could be a checklist, a local work instruction or manual.
